Skills

Programming Languages: Next.js, Node.js, React.js, C/C++, HTML/CSS, JavaScript, TypeScript, Java, Python, PHP, SQL.

Technologies & Tools: Git, GitHub, Netlify, AWS, Vercel, AutoCAD, Canva, Photoshop, NodeJS, MySQL, MongoDB, Redis, Figma.

Soft Skills: Leadership, Team Work, Communication, Problem-Solving, Adaptability, Event Management, Public Coordination.

Languages Spoken: English, Hindi.

Experience

Software Development Engineer – SDE-1 | DEVNOVATE **Present**

- Serving as a full-stack SDE-1 at Devnovate, independently owning all frontend and backend responsibilities for client and internal products.
- Architecting and shipping scalable web applications across diverse tech stacks with end-to-end ownership.

Frontend Developer Intern – HackwithIndia (Remote) **April 2025 – June 2025**

- Contributed to front-end development of a hackathon-based platform using React and TypeScript.
- Collaborated with a distributed team to build responsive, performance-optimized web components and enhance user interactivity.

Frontend Developer – Diabetic Retinopathy Portal, Central Railway (Remote) **Sep 2024 – April 2025**

- Developed a responsive web application for the DSCR initiative of Central Railway – Mumbai Division.
- Ensured seamless digital health workflows; received **Letter of Appreciation** from the **Chief Medical Superintendent**, Divisional Railway Hospital, Mumbai Division.

Website Lead – College Technical Committee, BVDU DET NM **Oct 2024 – June 2025**

- Single-handedly designed, developed, and deployed the official college fest website **ALKEMY 2025**; received **Letter of Appreciation** signed by the Principal, BVUDET Navi Mumbai.
- Actively organized multiple technical events, coordinating seamlessly with the fest organizing committee.

Technical Head – E-Cell, BVDU DET NM **Aug 2024 – Present**

- Spearheaded the design and launch of the official E-Cell website (ecellbvudet.live), boosting the club's digital outreach and member engagement.
- Built internal tools including a live polling platform (poll.ecellbvudet.live) and a quiz system (quizzes.ecellbvudet.live) for club events.

Vice President – HackwithIndia BVDU DET NM Chapter **July 2025 – Present**

- Contributing to planning and execution of workshops, hackathons, and technical events as VP.
- Played a key role in strengthening the chapter's presence and fostering a collaborative tech community within the college.

Featured Projects

- **Diabetic Retinopathy Screening Portal (DSCR):**
 - Built a responsive UI for Central Railway's medical screening portal, covering patient-centric interaction, appointment management, and secure data handling – officially recognized with a **Letter of Appreciation**.
 - **Tech Stack:** EJS, JavaScript, Node.js.
- **Alkemy 2025 – Medieval-Themed College Fest Website | Live Preview**
 - Developed a medieval-themed responsive event website with dynamic event listings, interactive timeline, real-time visit counter, and smooth UI transitions.
 - **Tech Stack:** React, TypeScript, Tailwind CSS, Framer Motion, React Router, Vite.
- **VibeHack 2025 – Full-Stack Blogging Platform | Live Preview**
 - Developed a scalable full-stack blogging platform with role-based access, content moderation, secure authentication, and Redis caching. **Won 1st Prize at VibeHack 2025.**
 - **Tech Stack:** React, TypeScript, Vite, Node.js, Express, MongoDB, Redis, JWT.
- **SkillXChange – Skill-Swapping Platform | Live Preview**
 - Built a platform for skill exchange without monetary transactions featuring real-time chat, skill matchmaking, authentication, and an admin panel.
 - **Tech Stack:** React, TypeScript, Vite, Tailwind CSS, Firebase.

- **AEXIS Build – Product Platform** | *Live Preview*
 - Designed and developed a modern product-focused web platform with polished UI/UX and high performance.
 - **Tech Stack:** React, TypeScript, Vite.
- **Velvora Cakes – E-Commerce Web Presence** | *Live Preview*
 - Built a visually rich e-commerce web presence for a boutique cake brand with product listings and customer ordering flow.
 - **Tech Stack:** React, TypeScript, Vite.
- **Designivore – Design Platform** | *Live Preview*
 - Built a design-centric web platform with interactive UI and seamless navigation.
 - **Tech Stack:** React, TypeScript.
- **Library Barcode Generator – BVDU DET NM Library**
 - Developed a web application to generate unique barcodes for every library book with batch display on a single page, significantly improving library efficiency – received **Letter of Appreciation** from Principal & Library.
 - **Tech Stack:** Node.js, JavaScript, Web.
- **Dental Patient Awareness System**
 - Developed an innovative solution to address patient misinformation in dental health contexts – received **Letter of Appreciation** from BVDU DET NM Principal.
 - **Tech Stack:** Web, JavaScript.
- **CheckIn – Attendance System** | *Live Preview*
 - Developed a streamlined check-in and attendance management system with a clean, user-friendly interface.
 - **Tech Stack:** React, Node.js.

Education

B.Tech. in Computer Science Engineering

CGPA: 9.01/10

Bharati Vidyapeeth Deemed University, Department of Engineering & Technology, Navi Mumbai, Maharashtra, India

August 2023 – Present (Expected: July 2027)

Achievements & Recognition

- **Central Railway LOA (Feb 2025):** Received official Letter of Appreciation from the Chief Medical Superintendent, Divisional Railway Hospital, Mumbai Division for delivering the DSCR portal ahead of schedule.
- **Alkemy 2025 LOA (Mar 2026):** Received Letter of Appreciation from BVDU DET NM, signed by the Faculty Coordinator & Principal, for single-handedly designing, developing, and deploying the college fest website.
- **Library Barcode Generator LOA (Jul 2025):** Received Letter of Appreciation from BVDU DET NM Principal and Library for developing a seamless book barcode generation system that improved library operations.
- **Patient Awareness System LOA (May 2025):** Received Letter of Appreciation from BVDU DET NM Principal for building an innovative dental patient awareness solution.
- **Hackathon Winner – VibeHack 2025:** Secured **1st Prize** for developing an innovative, fully-featured full-stack blogging platform.
- **Hack With Mumbai – Main Organizing Coordinator:** Served as the primary organizing coordinator for **Hack With Mumbai** (12-hour hackathon) and **Hack With Mumbai 2.0** (36-hour national-level hackathon), overseeing logistics, participant coordination, and event execution.
- **College Rivals Season 3:** Volunteered at the College Rivals Season 3 Grand Finale, contributing to smooth event management and operations.
- **Tech Community Participation:** Attended major tech events and conferences in the Mumbai region, including events hosted at the **Microsoft Office, Mumbai** and across the Mumbai tech ecosystem.
- **Academic Excellence:** Maintained a CGPA of 9.01/10 while concurrently managing multiple software projects, professional roles, and leadership responsibilities.
- **Agriculture & Roots:** Actively engages in farming on the family's agricultural land during hometown visits – reflecting strong ground-level values, resilience, and a grounded perspective toward real-world problem solving.
